	PRODUCT INDEX	164

Unstoppable is a promise to keep going.

One step after the other.

STEADY, INSISTENT, AN INCH AT A TIME IF NEED BE.

**UNSTOPPABLE IS WHATEVER IT TAKES, EVEN IF THAT'S EVERYTHING YOU GOT.**

Unstoppable is finding out you have more inside than you thought.

Unstoppable is running on empty.

In this way it's kind of a miracle, literally doing the impossible.

Unstoppable never brags, pounds its chest or spikes the ball.

That's for players, for games.

**GAMES** have clocks, time-outs, referees.

games are pretend, and life is what they pretend to be.

Life gives you real trouble.

AND ACHIEVEMENTS IN WHICH YOU TAKE QUIET PRIDE.

NATURE ISN'T ROOTING FOR ANYBODY.

It's indifferent, and that's why you test your spirit there.

Unstoppable doesn't go it alone if it doesn't have to.

IT MARSHALS EVERY RESOURCE; PUTS TO USE EVERYTHING AT HAND.

It's ready for contingencies, snafus and logjams.

**FLIPPED KAYAKS.**

BEARS AND BLIZZARDS.

ACTS OF GOD.

**UNSTOPPABLE IS HAVING THE RIGHT TOOL FOR EVERY PROBLEM.**

**TOOLS** MATTER.

YEARS OF INNOVATION MATTER.

A good tool enlarges your heart, extends your will.

*It lets us interact with the world on the deepest level.*

STONE, WOOD, FIRE, BLOOD, SNOT.

YOU'RE OUT THERE IN THE WOODS AND SWAMP AND THE SEA.

*You're out there, in it.*

YOU'RE UNSTOPPABLE.

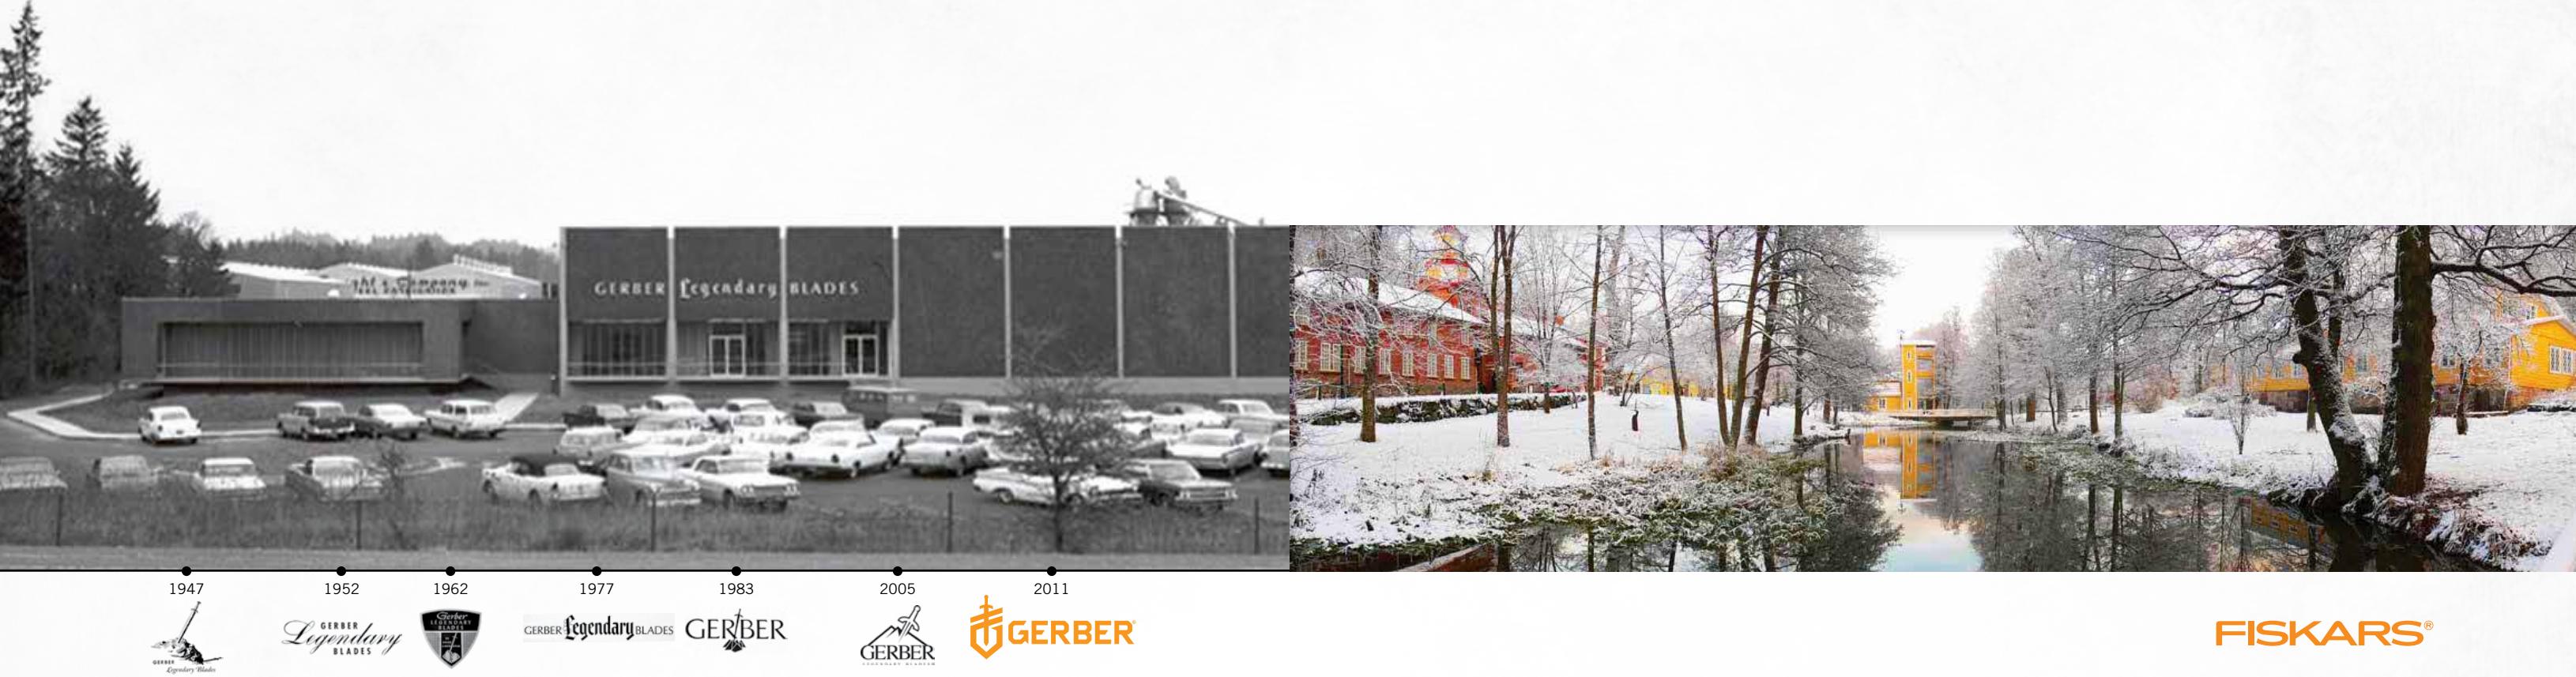

**UNSTOPPABLE**

I AM NOT A TROPHY,  
DESTINED FOR LIFE BEHIND THE SHEATH.  
I AM A WORKHORSE.  
ABUSE ME. CONFUSE ME.  
I DON'T CARE – JUST USE ME.  
I WANT TO GET MUDDY AND BLOODY.  
SINK MY TEETH INTO A SITUATION.  
BREAK SOME GLASS AND SAVE SOME ASS.  
I AM BLOOD AND GUTS AND GLORY.  
I AM DESIGNED TO DO.

A MAN NEEDS TWO TOOLS IN HIS LIFE: HIS BRAIN AND HIS GERBER. SURE THERE'S A LOT OF STUFF OUT THERE THAT CAN TRIAGE A TOUGH TIME OR TWO. BUT NOTHING AS GRITTY AND DEPENDABLE AS A GERBER. IT EMBOLDENS THE MAN. WHISPERS HELP-IS-HERE AND THEN STEPS ASIDE AS HE SORTS IT OUT. PUT A GERBER IN A MAN'S HAND AND LORD HAVE MERCY ON THE PROBLEM THAT STANDS IN HIS WAY.

Gerber is based in Portland, Oregon, USA and is the flagship brand within the Fiskars Outdoor Americas portfolio.

Founded in 1939, Gerber is an American icon with growing global reach and relevance. We make problem-solving, life-saving products designed with the unique needs of specific end-users in mind. These end-users have traditionally been Hunters, Soldiers and Tradesmen of all types but through creative marketing and product innovation we are significantly widening this audience to include new user groups.

Gerber's preeminent products span a range of activity-based categories including Hunting, Outdoor, Tactical, Industrial, Essentials. And our partnership with charismatic Survival expert Bear Grylls and development of the Bear Grylls Survival series in recent years created a entirely new category of Gerber products and changed the game in the Survival products marketplace.

Whether it is a knife, a multi-tool, or a variety of ground-breaking outdoor gear, Gerber products are always tough, innovative and trusted.

Gerber joined the Fiskars Group of brands in 1987. Fiskars is a leading global supplier of branded consumer products for the home, garden and outdoors.

Fiskars products are renowned worldwide for their functionality and cutting-edge design, and the group boasts a strong portfolio of trusted international brands such as Fiskars, littala, and Gerber. Fiskars' associated company, Wärtsilä Corporation, is also an important part of the group.

Fiskars is listed on NASDAQ OMX Helsinki and employs some 3,600 people. Founded in 1649, Fiskars is Finland's oldest company and one of the oldest companies in the world.

The Fiskars Group is led by its President and CEO Kari Kauniskangas, who joined the company in 2008.

## YESTERDAY

We made knives and tools.

## TODAY

We develop Problem-Solving, Life-Saving gear for the unique needs of a wide range of activities.

## BUILT TO LAST

Gerber stands behind all of its products by offering a limited lifetime warranty. Our tools are made to stand the test of time.

## ACTIVITY FOCUSED

We design, develop and market products in Activity Categories based on specific end-user needs.

Each Activity Category includes a wide range of gear all designed to address the unique needs of that activity.

To differentiate products within the line, each Category has a unique icon, pattern, color and Sub-brand mark.

It's a consumer-first approach that has energized our organization and been embraced by both our consumers and retail partners.

## BORN ON THE BATTLEFIELD

A longstanding ally to the US Military, Gerber understands the importance of trust and the fact that products are often the difference between life and death. Beginning with the famous Mark II combat knife during the Vietnam War era, Gerber has been meeting the unique needs of our men and women in uniform since 1966 and continues to develop solutions for American service personnel deployed globally. Every soldier in the US Army that deployed to Iraq or Afghanistan in the last 6 years was issued an "MP600" Multiplier and a Gerber Strap Cutter, alongside the highly issued "06 Auto" and many other battle-tested, life-saving, problem-solving gear. Ask an American warfighter if they know Gerber and you'll get a story of reliability, loyalty and trust.

FOR IN THE TRUCK, THE SHOP, OR YOUR POCKET,  
Gerber Essentials are the tools and knives that get  
us out of unexpected jams every single day. They're  
the pocket-tools, multi-pliers and everyday carriers  
that we reach for over and over. Gerber builds them  
to be durable, lightweight and efficient. What's the  
specific "activity" for this activity category, you ask?  
It's Daily Carry.

ESSENTIALS

## GDC BELT TOOL

Belt length: 52"  
Tool length: 3.3"  
Weight: 9.1 oz

- Alignment customizable 52" long belt
- Quick belt release feature for no refastening fumble
- Bottle opener
- Pry bar
- Finger slot with serrated thumb rest for maximum grip
- Rust proof materials
- Titanium coated steel body
- G-10 front plate
- Anodized aluminum plates

**Gerber took the expression**  
"another tool in your tool belt"  
to a new level with a robust and  
practical belt that is a must have  
in every closet. Whether it is the end  
of a work day, a hiking expedition  
or a casual barbecue, the belt tool  
will be there to pry open a bottle of  
beer, or help you out of whatever  
jam you find yourself in.

**HIKING, BIKING, CAMPING, CLIMBING** – We have a knife or tool for every outdoor activity. When tested in the elements, Gerber's outdoor gear shows its true colors – sleek, sporty designs constructed with rugged materials. Deserts, Mountains, Forests – these are the ones to carry in the wild and open spaces.

OUTDOOR

## FREESCAPE™ FIXED BLADE

Overall length: 9.1"  
Blade length: 3.8"  
Weight: 6.5 oz.

- Santoku inspired blade
- Dishwasher safe
- Full tang construction
- Textured rubber grip
- Full fine edge blade
- Lanyard hole
- Sheath with belt loop
- 7Cr17MoV steel
- Neoprene & Nylon sheath

**The Freescape™ collection of products** are designed to make life in the Outdoors more fun. The Fixed Blade Knife features a santoku-inspired blade shape that excels at food preparation with a full fine edge. While it chops exceptionally well, the rugged full-tang construction ensures that it will hold up to any other campsite abuse it might see. The handle features the Freescape™ textured pattern with a rubberized surface for a secure hold in all conditions. And the knife is dishwasher safe, making cleanup simple. The durable sheath, made of neoprene and nylon, keeps the knife secure and easily attaches to your belt or can be tossed in a pack.

**Trapped Blister:**  
31-002533  
UPC: 0-13658-13969-5

## FREESCAPE™ FOLDING SHEATH

Overall length: 8.4"  
Blade length: 3.5"  
Weight: 4.3 oz

- Family Safe: safety keeps blade closed
- Textured rubber grip
- Partially serrated blade
- Lanyard hole
- Lockback
- Sheath with belt loop
- 7Cr17MoV steel
- Neoprene & Nylon sheath

**The Freescape™ collection of products** are designed to make life in the outdoors more fun. The Folding Sheath Knife features a safety that allows the user to lock the blade closed when not in use. This can keep little fingers safe and also works as a secondary lock to keep the blade open when in use. The 3.5" partially serrated blade is made from 7Cr17MoV steel and features a lockback mechanism to keep it securely open during use in addition to dual thumb studs for easy opening. Both the safety and the lockback make using this knife with gloves on or in cold conditions a breeze. The handle features the Freescape® textured pattern with a rubberized surface for a secure hold in all conditions. The durable sheath, made of neoprene and nylon, keeps the knife secure and easily attaches to your belt or can be tossed in a pack.

UPC: 0-13658-13953-4

## FREESCAPE™ FLASHLIGHT

Overall length: 9.1"  
Weight: 6.5 oz  
Batteries: AA [2]  
Estimated outputs:  
White High: 200 lm / 1 hr  
White Low: 50 lm / 8 hrs  
Red: 40 lm

- 3 Modes: Red/Low/High
- Unique anti-roll shape
- Push button on/off tail cap switch
- Momentary on/off
- Lanyard loop
- IPX7 Water Proof
- CREE XPG L.E.D.
- Osram RED L.E.D.

**The Freescape™ collection of products** are designed to make life in the Outdoors more fun. The Flashlight features a high output CREE XPG L.E.D. for when you need to light up the night and an Osram RED L.E.D. to keep things a bit more low key and preserve your night vision. Featuring an estimated 200 lumens [lm] of output on high, the Freescape™ Flashlight has the power you need when camping or hiking out from the route that was a little longer than expected. The design features a large loop at the rear, which not only protects the on/off switch from accidental use, but also allows you to attach to a carabiner or strap to a pack for easy carry. The non-traditional body design keeps the light from rolling away from you while the construction makes it tough enough to last a lifetime. With an IPX7 rating, the Freescape™ Flashlight will even keep your path lit even in a downpour.

**Trapped Blister:**  
31-002560  
UPC: 0-13658-14009-7

**Carton:**  
30-000932  
UPC: 0-13658-14037-0

**The Freescape™ collection of products** are designed to make life in the Outdoors more fun. The Large Lantern brings camp lighting to the next level. With a capacitive touch ring around the light, a light tap turns it on or off. A longer touch on the ring dims the light for those times when you don't need all estimated 250 lumens [lm] of light blasting through the campsite. Or, touch and hold that same ring and make it feel like daylight in the campsite or your tent. An easy to use, spring loaded handle clip makes the Large Lantern easy to hang from a tent or the rope you shimmied up the tree to hang. Powered by four D Batteries, the lantern features four L.E.D.s on the front to indicate battery power remaining. To ensure that the batteries last as long as possible, in addition to the infinitely adjustable dimming feature, there is also a power kill switch to keep it off when stowed away with the rest of your gear. The IPX4 water resistance makes sure that even if it is left out overnight in the rain, the Large Lantern is going to keep shining bright.

Height: 9.3"  
Diameter: 5"  
Weight:  
w/out batteries 20.6 oz  
Batteries: D [4]  
Estimated outputs:  
250 lm / 2 hrs  
15 lm / 25 hrs

- On/off power switch
- Capacitive touch output ring: tap on/off
- Spring-loaded handle clip
- Grippy rubber footings
- L.E.D. battery lite indicators
- IPX4 water resistant

## FREESCAPE™ SMALL LANTERN

Height: 5.9"  
Diameter: 3.2"  
Weight: 8.3 oz  
Batteries: AA [3]  
Estimated outputs:  
80 lm / 2 hrs  
5 lm / 25 hrs

- On/off power switch
- Capacitive touch output band: tap on/off
- Spring-loaded handle clip
- Grippy rubber footings
- ABS Plastic Body with TPE overmolds
- IPX4 Water Resistant
- CREE XM-L2 L.E.D.

**The Freescape™ collection of products** are designed to make life in the Outdoors more fun. The Small Lantern brings camp lighting to the next level. With a capacitive touch ring around the light, a light tap turns it on or off. A longer touch on the ring dims the light for those times when you don't need full output. Or, touch and hold the ring and make it feel like daylight in your tent with an estimated 80 Lumens of output. An easy to use, spring loaded handle clip makes the it easy to hang from a tent or the rope you shimmied up the tree to hang. Powered by 3 AA Batteries, the Small Lantern emits light out the frosted side lens, but also through the bottom of the light to maximize effectiveness when hanging. To ensure that the batteries last as long as possible, in addition to the infinitely adjustable dimming feature, there is also a power kill switch to keep it off when stowed away with the rest of your gear. The IPX4 water resistance makes sure that even if it is left out overnight in the rain, the Small Lantern is going to keep shining bright.

## FREESCAPE™ HATCHET

Overall length: 17.32"  
Weight: 32.6 oz  
Head material: Forged Steel  
Handle material: Glass Filled Nylon

- Forged Steel Head
- Slim profile sheath stores in handle when in use
- Composite handle is extremely durable and lightweight
- Made in Finland

**Hang Tag:**  
30-000895  
UPC: 0-13658-13975-6

## FREESCAPE™ WATER BOTTLE

Height: 10"  
Diameter: 2.9"  
Capacity: 24 fl oz

- Bottle material is high impact PET
- BPA-Free
- Cup material is ABS plastic
- Lockable cap
- Removable cup for sharing
- Dishwasher Safe

**The Freescape™ collection of products** are designed to make life in the Outdoors more fun. The Freescape® Water Bottle holds 24 oz of liquid in the BPA free, translucent main bottle. Conveniently, the Water Bottle features a quickly removable cup to allow you to share whatever you've brought to camp with you. The cap on the bottle features a spring loaded lid that can be locked closed to keep it secure when you're on the go. The sliding barrel lock shows a red ring when unlocked (right position) and no color when locked (left position). When the lid is in the closed position, there is a convenient loop that makes it easy to carry or even strap to a pack and take it with you. Whether you're out there with friends or family, the Freescape® Water Bottle makes it easy to share.

TOGETHER WITH BEAR GRYLLS, Gerber makes survival tools for everyone from scouts on their first overnighter to seasoned adventurers exploring the backcountry. For survival in the elements, we created a line of the toughest, most innovative knives and tools available. With just your hands, your head and your tools you can account for everything needed to stay alive in the wild.

# SURVIVAL

## COMPACT FIRE STARTER

Length: 3.4"  
Diameter: .55"  
Weight: .8 oz

- 2-piece design
- Easy to use
- Rubber overmold provides grip
- Paracord lanyard attaches to keychain, pack or jacket zipper
- Lightweight
- Priorities of Survival Pocket Guide

**A key factor in surviving in the wild** is how well you can get a fire going. The Compact Fire Starter makes it easy to always have it with you as it combines a sleek new design with a smaller size, making ideal for attaching to your keychain or backpack. The simple, 2-piece design makes using it in the cold or with gloves on a breeze. The ferrocium rod produces the high quality, fire starting sparks you need when it matters most. Made of durable anodized aluminum with a textured rubber grip, the Compact Fire Starter can take some abuse and still deliver. With an IPX4 rating, even if you get caught in a downpour, you won't have to worry about your fire starter failing you.

## SURVIVAL AO

Overall length: 3.0"  
Blade length: 7.4"  
Closed length: 4.2"  
Weight: 3.3 oz

- Assisted opening / one hand opening
- Safety lock keeps blade closed
- Partially serrated blade
- 7Cr17MoV steel
- Dual thumbstuds
- Plunge lock
- 30% glass-filled nylon with rubber overmold handle
- Pocket Clip
- Lanyard Hole
- Priorities of Survival Pocket Guide

**Quick access to your knife** can be the difference between life and death. The Scout AO takes that to heart, and features an assisted opening blade that is one-hand operable. Using Gerber's F.A.S.T. 2.0 technology, the Scout AO implements both a plunge lock and a safety lock. The safety barrel lock will keep the blade closed when in your pocket or as a secondary lock when opened. The easy to use plunge lock makes it easy to close the knife with just one hand. The blade has dual thumbstuds and a partially serrated 3" blade made of 7Cr17MoV steel. The handle is made of durable glass filled nylon with the familiar rubber overmold that will keep the Scout AO secure in all conditions. The removable pocket clip and lanyard hole provide multiple carry options.

## CARD TOOL

Blade length: 1.5"  
Overall knife length: 3.2"  
Dimensions:  
3.39" x 2.3" x .3"  
Weight: 2.7 oz  
Task light: 8 lm  
Batteries: Lithium Ion 1220

- Fine edge blade with fire striker notch
- Phillips screwdriver
- Flat head screwdriver
- Ferrocium rod
- Metric ruler
- Standard ruler
- L.E.D. task light
- Bottle opener
- 4Cr13 steel
- Card: ABS plastic & 2CR13
- Priorities of Survival Pocket Guide

**The all in one survival tool.** The Card Tool has everything you need for survival in the wild, or in the city. The rugged, steel backed construction is the first indication that this Card Tool isn't like the rest. With a water-resistant L.E.D., metric and standard rulers and a bottle opener all usable without pulling anything out, the card tool means business. The fixed blade, fine edge easily slides out of the tool to reveal a lightweight knife with an ergonomic finger hole for easy use. At the opposite end, 3 tools are securely held in place. Phillips and standard screw drivers are there for those just in case moments while a compact ferrocium rod provides the spark needed to get your fire going. Using the back edge of the knife, that ferrocium rod comes to life and produces the sparks needed. And just like that, all the tools slide back into the card and in your pocket it goes, until the next use.

**Trapped Blister:**  
31-001747  
UPC: 0-13658-13093-7

**The next generation of survival pocket knives,** the Compact Scout II builds off of the original to make it the best survival pocket knife we've ever made. The most notable change is a more robust handle with a rubber overmold and a prominent finger cut out for easy use. The full fine edge blade, made of 420HC, is made in Portland OR and features a nail nick to assist in opening. With finger jimping on the top of the blade, the grippy rubber overmold and the ergonomic handle design, the Compact Scout won't slip away when you need it most and conditions get rough. The lock back mechanism keeps the knife safely open during use but is easy to close, even while wearing gloves. The lanyard hole gives extra flexibility in carrying options. This is Bear's new choice for a back-up survival knife.

## COMPACT II

Blade length: 2.6"  
Overall length: 6.1"  
Closed length: 3.5"  
Weight: 1 oz

- Made in the USA
- Full fine edge, drop point blade
- 420HC steel blade
- Thin and lightweight
- Nail nick
- Rubber overmold + large finger notch
- 30% glass-filled nylon w/TPE overmold handle
- Lanyard hole
- Priorities of Survival Pocket Guide

## TINDERBOX

Length: 5.75"  
Width: 2.25"  
Height: 1.06"  
Weight: 3.0 oz

- Unique tinder cutter w/cover
- C304 stainless cutter
- Polypropylene cutter cover
- Rubber overmold to keep it secure
- Polycarbonate/ABS with TPE overmold
- Magnifying glass
- Emergency signaling mirror
- Tinder capturing box to keep dry
- Priorities of Survival Pocket Guide

**A key factor in surviving in the wild** is how well you can get a fire going. With the BG Tinderbox, building a fire just got easier. It features a steel cutting surface that makes creating tinder easy and the frame is wrapped in high grip rubber to keep it securely in your hand. With a simple push of a button, the cutting surface pivots to the side and the tinder is available to use. Creating tinder is only one part of building a fire...you have to get it lit, too. While matches or a fire starter work well, the Tinderbox features a magnifying glass that will get the job done as well. And, when you need it, turn the Tinderbox over and use it to signal for help.

## RECHARGEABLE TORCH

Length: 6.3"  
Diameter: 1.2"  
Weight: 4.3 oz  
Estimated outputs:  
Charged @90 rpm / 2 mins  
High: 40 lm / 3 mins  
Medium: 15 lm / 7 mins  
Low: 5 lm / 20 mins  
S.O.S.: 40 lm / 15 mins

- Crank powered light
- Recharge by spinning end
- Durable anodized aluminum body
- Rubber overmold ring
- CREE XPG-R3 L.E.D. with reflector
- Priorities of Survival Pocket Guide

**What is worse than being stranded out there in it?** Having your flashlight run out of batteries! The latest from the Gerber Bear Grylls Survival Series ensures that running out of light (batteries) will never be a problem. This new torch features an anodized aluminum body with an innovative removable tail cap, which is connected to a crank arm. With rechargeable batteries on board, turning the crank arm generates a charge and ensures you'll always have light. With 4 modes (High, Medium, Low, S.O.S.) this torch delivers for any survival situation. Output estimated at 40 lumens on High using a CREE XPG-R3 LED. The torch is IPX7 water proof (when the tail cap is secured) which means that even if you're caught out in the rain, this torch will shine on.
