## HOW TO ORDER

There is a possibility that shipments on the imported Henckel Blades cannot be made should the war cut off supplies.

No. 1 can be had with walnut wood handle for \$5.00, instead of \$8.50.

A beautiful matched 3-piece Carving Set is made up, using knives 1, 2 or 3 and No. 4 and No. 5 fork and steel. Handmade Felt Case to fit carving sets at \$1.25.

Nos. 15 and 16 Trout Knives, especially adapted for special sheath with hone pocket, makes the finest combination for the trout fisherman.

No. 17 available with brass hilt and fancy butt handle at \$8.50 instead of \$4.00.

If prices on these knives seem high, please stop to think of the tremendous amount of hand work required to make one. They cannot be made for less. I guarantee the one you order will be the finest knife you have ever seen.

Please allow 10 days for shipment. Will ship either C. O. D. or in receipt of check or money order.

When ordering please give style number, blade length and type of handle, (whether large, medium or small grip).
