GUIDE
2010-2011

Welcome

to the 2010-2011 Standard
Product Guide of the W.R. Case & Sons Cutlery Co.

It is with great pride and joy that we share with you
the fruits of our labors for the past year. Actually,
these collections represent our hard work over the
past 121 years. And while much has changed in
that time, we still make knives the way we always
have. By hand. With care. For you. Each knife is
meticulously hand-crafted from the finest materials.
Which is why each is a one-of-a-kind work of art.
And we are deeply honored to share them with you.

My Favorite Case

There's one thing we've learned in the 121 years we've been making knives. It's about a lot more than the knives.

For one woman, a Case pocket knife is the only connection she has with her beloved granddad who passed away some fifty years ago. To a young guy we recently met in Missouri, collecting Case knives is a way to carry on a tradition started by his Dad. For a craftsman here in Bradford, Pennsylvania, honing his art isn't a job, it's a passion.

In fact, we've heard from thousands of folks across America that there's a very special Case in their lives. In these pages, you'll meet the men and women who hold a Case knife close to their hearts.

We're proud to be part of so many people's lives. It's why we painstakingly craft each knife by hand. So they're as unique as you.

Each Case has a legacy. What's yours?

If you love Case, join the club.

As the largest knife collecting association in the world—and nearly 30 years old—the *Case Collectors Club* now boasts thousands of members. Whether a beginning collector or a serious aficionado, the Club gives you insider background on the history and heritage of Case knives, as well as a quarterly magazine, a catalog, plant tours, an exclusive member forum and an opportunity to buy special edition knives available only to club members. Junior club membership is a great way to introduce your child or grandchild to the fun of knife collecting. We hope you'll join us in carrying on this tradition. Call 1-800-523-6350, write us, or signup online at www.wrcase.com/jointheccc.

Anatomy of a Case Knife

Hand-crafting a Case knife is an exercise in skill, love and, most importantly, patience. Roughly 160 steps go into the creation of each individual knife, from the handle to the blade to everything in between. To us, the process is just as important as using the finest components in the world, like rich, natural handle materials, premium-quality steel, select brass and superior nickel silver.

The New Case 2010-Era Tang Stamp

There's a certain amount of excitement here in Bradford when it's time to design—and then introduce—a new tang stamp. Long a source of pride and authenticity, these stamps tell the history of knife-making in a few letters, x's and dots. Which is why we're so pleased to share the new 2010 tang stamp. Featuring the classic "Long Tail C" and the very best of the "Dots and X's Era," we think you'll agree. This is a perfect time to add a new Case knife to your collection.

How to Identify an Authentic Case Knife

AUTHENTIC CASE COLLECTABLES

We put the "Long Tail C" only on a serial-numbered, collectable product manufactured and sold by Case.

This logo assures you the collectable item is authorized by Case.

DETERMINE THE YEAR OF A CASE KNIFE

By learning the simple Case Dating System, you can easily determine the year a Case knife was manufactured.

In 1970, Case added ten dots beneath the "U.S.A." on all knife tangs. Each year a dot was removed.

The same dating system was used during the 1980s. The differences are the "lightning" form of the "s" in "Case" and "USA" and the fact that the dots were put above the "USA".

From 1990 to mid-1993, the actual date was stamped on the tang.

The dot system was used again from mid-1993 through 1999.

In 2000, Case introduced a new tang date stamp: five Xs and five dots. From 2001 through 2005, one dot is removed each year. From 2006 through 2009, an X is removed each year.

The 2010 Tang Stamp Design again features five Xs and five dots. From 2011 through 2015, one dot is removed for each year. From 2016 through 2019, an X is removed each year.

IDENTIFY CASE KNIFE PATTERNS

The number stamped on the tang of one blade of every Case knife identifies the pattern. The first number is the handle material, the second number is the number of blades, and the third is the factory pattern number.

Handle Material	6	3	4	7	Factory Pattern
	Number of Blades				

In this example, 6347 is a #47 factory pattern knife with a jugged bone handle and three blades.

GENUINE STAG

There's nothing like the real thing.

Somewhere in the woods right now, a Case Genuine Stag knife rests comfortably in a pocket, ready for action. Although, at this same precise moment, it's equally at home in a collector's display. That's the beauty of the rugged Genuine Stag antler. Classic. Timeless. Hand-crafted. Fitted with Tru-Sharp™ surgical steel blades, Case Genuine Stag knives have been a favorite for generations.

GENUINE MOTHER ~OF~ PEARL

The mother of all handles.

It's like your Case knife is dressed up for a night on the town. Our Genuine Mother-of-Pearl collection features nature's most lustrous, iridescent material. Revered for its beauty, the pearl is harvested from the inner-lining of oyster shells and meticulously pinned to the handle with nickel silver rivets—one of the most painstaking processes in our workshop. But once you own one, you realize all that craftsmanship is definitely worth it.

All new. And soon to be legendary.

According to Navajo myth, abalone is a sacred object representing the west. And for centuries, this luminescent material, the thick inner layer of a mollusk shell, has adorned precious items around the world. Known for strong and changeable colors, Abalone is the newest collection of Case knives. Like Genuine Mother-of-Pearl, these knives feature Tru-Sharp™ surgical steel blades and the "Case XX" laser engraving on the nickel silver bolster.

BLUE BONE

True blue to the bone.

Somewhere in America's heartland, an aging man yearns for his days at sea. A Navy man in his youth, he sometimes longs for the vast outstretched ocean, roiling for miles on end. Which is why he carries a knife from the Case Blue Bone collection. True blue, these have all the character of a trusty companion. Loyal. Dependable. And one who stands the test of time. These feature Tru-Sharp™ surgical steel blades and a classic blue handle that will maintain its beauty through the ages, just like the sea.

BEECHER DUVALL

Dahlonega, Georgia

FAVORITE CASE: Sowbelly Stockman (1999)

"I was an eight year-old in Cub Scouts and our den leader was teaching us how to be men. He said you have to follow Scout laws and a man always had to carry two things. First, he said, a bandana, because it could be used for a lot of things. And you must always carry a Case pocket knife. I remember it clear as day. He didn't say, 'a pocket knife.' But rather, 'A Case pocket knife.' I've carried a Case pocket knife ever since."

SLIMLOCK®

Something old, something new.

Designed with a vision that would make our founder proud, we consider the SlimLock® to be one of the most impressive of all the Case offerings. American-made alloy steel. Contemporary styling. Precision-crafted. Smooth action. And seven handle material choices, ranging from genuine bone to eye-popping abalone. The SlimLock® collection—knives crafted by our hands to rest comfortably in yours.

FIXED BLADE KNIVES

DESK KNIFE

Case Desk Knives make checking the mailbox fun again.

Just because you're at your desk doesn't mean you can't have a trusty Case knife at your side. That's where the classic-styled Case Desk Knife comes in. Measuring a distinctive 6 1/8 inches with a 3-inch mirror-polished 154-CM steel Wharncliffe blade, the Case Desk Knife turns everyday mail opening into a joyous occasion. There's a variety of fine handle material options—from genuine bone to exotic woods to Abalone. And even when stored safely in its snugly fitted palomino leather sheath, you're bound to find the Case Desk Knife just too beautiful to keep hidden in the drawer.

AMBER BONE

The first one you always reach for.

It's been spotted on farms, in the woods and in more than a few collections. Over the years, it's even caused a missed flight or two. The true heart of the Case line, the Amber Bone collection is the classic. Something for everyone, you'll find thousands of uses for a small gentleman's knife or a Hobo® for camping or Stockman for a gift. The list goes on and on. Good thing the Amber Bone collection has it all.

Jungle love.

Deep in the mangroves of the Okefenokee Swamp, you tread lightly. One wrong step could alert the natives. But with our Pocket Worn® Bermuda Green Bone knife, you proceed with confidence. Maybe it's the comfortable feel of the handle, or perhaps that razor-sharp edge of the blade. Either way, a Pocket Worn® Bermuda Green knife is sure to be your trusted companion.

FORREST and PAYTON TWIDWELL

Lodi, Missouri

FAVORITE CASE: Payton's New Genuine Stag Hunter

"My son Payton here is a third generation Case collector, I guess. My dad and I would go to shows together and scour flea markets for old, rare Case knives. Now my son and I like finding them together, too. I probably have about 350 knives. Quite a few are Case working knives I use on the farm I run with my Dad."

YELLOW

Good day, sunshine.

They're as easy to locate as the rising and setting of the sun. And just as dependable! Our Yellow collection features several models with sturdy chrome vanadium blades and others with Tru-Sharp™ surgical steel blades. If you'd like owning a knife you can find at any time of day, we suggest getting yourself a Yellow handled Case.

WORKING

Never a day off.

When we started making knives back in 1889, it was with the idea that a knife should put in a full day's work. Heck, it should put in a full lifetime's worth of work. This spirit still inspires our Working knives. With corrosion-resistant Tru-Sharp™ surgical steel blades and handles crafted from either impact-resistant synthetics or beautiful rosewood, this is the knife you'll turn to, day after day, year after year.

CHESTNUT BONE CV

Brewers craft ales to look like this.

A deep, rich, nut brown. Like the color of that thoroughbred who caught your eye. Or the pile of buckeyes you've accumulated over the years for luck. Or the hearty pint that you raised with friends after a particularly good day. The Chestnut Bone CV collection features a handle inspired by all of these and the best of the Case archives. It was a natural when you asked for more options in the traditional chrome vanadium blade steel. There's no doubt this family will remain a classic for years to come.

FAVORITE CASE: Tested Red Bone Small Cigar (1905–1912)

"As a kid, I hated History in school. But now, as an adult, I love Case history. And that's why I love this knife I always carry with me. Even though it's all worn out, there's still a lot of beauty in it."

FIXED BLADE KNIVES

OUTDOOR ~&~ HUNTING

Great outdoors.

You live in that backwoods cabin by a stream. Or maybe you just wish you did. Either way, you need the perfect knife—a knife that can take whatever is dished out. For the rugged, resourceful outdoorsman, we suggest one of our equally rugged knives. Choose from our heavy-duty Utility, Lightweight Hunter or popular Ridgeback® models, accompanied by either a genuine leather or ballistic nylon sheath.

No matter where you live, there's a Case knife you can't live without!

FIXED BLADE KNIVES PRESENTATION

Attention, please.
In some families, life's most momentous occasions are marked with an equally momentous keepsake. These extraordinarily hand-crafted Case presentation knives are a powerful way to commemorate an extraordinary moment. Whether a graduation or promotion, retirement or anniversary, present your loved one with the gift of a lifetime. And add a pat on the back for good measure.

JOE & KATHY LITTON

Georgetown, Kentucky

FAVORITE CASE: RussLocks® and Mini CopperLocks®

"We were schoolteachers and when we retired in 1998, we quickly realized we better come up with a hobby we both liked so we wouldn't drive each other crazy. We had collected some Case knives—Joe mostly—but after visiting a Case event, we thought it'd be a great hobby. We agreed the Mini CopperLock® was our favorite, so we set out to collect every handle type we could. Then in 2000, we fell in love with the new RussLocks® and added it to our hunt. Now, we've got 265 RussLocks® and 167 Mini CopperLocks®. We travel around meeting people at shows and clubs. And we've made wonderful friends over the years."

Introducing... Case Magnetic Panels!

The ultimate in flexible knife merchandising.

Case's new magnetic display panels are a great alternative to traditional vacuum form and wired-on displays. YOU choose the knives that go in them...and change them out as often as you wish! Panels available in tan, red or black to fit any of our displays. A 30-piece magnet kit secures 10 knives, enough for any of our half-panel assortments. For a Floor Display, order 5 kits. Graphic stickers are also available to dress up the look of your display, and help those Case knives fly off the shelf.

Some knife assortments are still being offered in the traditional vacuum form panel, and they are noted in the panel listing. If you want to order one of these assortments and substitute the magnetic panel, just add the magnetic panel that fits your display to the order. For any questions, please check with the Case National Sales Office.

Magnet Kit

Magnets are polished and tiny enough
to hide behind a blade.

Simply attach two magnets to the open
blade.

Set knife in the desired position on the
magnetic panel.

Anchor the knife handle with another
magnet.

Floor Display

This red oak floor display is destined to be the centerpiece of your store. Locking glass doors cover the upper and lower display panel areas. The upper panel holds a preselected assortment of 49 knives, or you can come up with your own list. The lower display section is sized to hold two of our standard product panels. Best of all, lights are included in the center glass display area, so this should be the perfect place to showcase the latest gift tin.

Rotating Tower Display

This rotating cherry wood display case always catches the eye. Making maximum use of floor space while showing off Case products to their best advantage, it can also be rotated to allow customers to browse through four complete product panels with 84 items. Shoppers learn more about our knives from the informative signage inside the case. The rotating cabinet also features two lockable, glass doors with abundant storage inside and an upper display area for accessories, gift tins and other items. The lockable bottom cabinet provides further storage.

ROBERT “BOB” BUSBY

Waurika, Oklahoma

FAVORITE CASE: Red Bone Whittler (1970)

*“I remember watching my great granddad use his knife—
had it with him all the time. I always wanted one just like it, so when I found
one that looked just like his, I picked it up and have had it ever since.”*

THE CASE LIMITED LIFETIME WARRANTY

We warrant each and every Case knife to be free of defects in material and workmanship for the life of the owner, and we will repair or replace with a new Case knife, at our option, any Case knife that is defective. That's how strongly we feel about the quality of our cutlery. If you believe your Case knife has a manufacturing defect, mail your knife along with a written explanation of the problem to: W.R. Case & Sons Cutlery Co., Repair Department, 50 Owens Way, Bradford, PA 16701 USA.

Case does not warrant its products against normal wear or misuse. Case knives are not intended to be used as hammers, chisels, pry bars or screw drivers. If your knife was damaged due to misuse, our repair department can analyze the damage and repair it for a reasonable fee. This Warranty gives you specific legal rights and you may have other rights which vary by area.

CONSUMER AWARENESS STATEMENT

The blades that go into every Case knife are honed to an extremely sharp edge. We ask that you be very cautious when opening, using or sharpening our products. Case knives are intended to be used as working tools; they are not weapons and should not be used as such. If an injury occurs during use (or misuse) of a Case knife, this is a risk that our customers assume, and Case can in no way be held accountable. Our customers expect Case to deliver high-quality, razor-sharp knives; in turn, we ask each customer to use our products safely and wisely.
