Carhartt Knives by Case

A Partnership 124 Years in the Making

This is How America Gets Work Done

We're pleased to introduce our exclusive new knives produced by Case for Carhartt. Born of the history these two iconic American brands share, these beautifully crafted tools are made in the U.S.A. by Case to Carhartt's exact specifications.

Put the lifetime quality, precise details, and classic styling of a Carhartt knife in your pocket and get to work.

Helping Americans Get Work Done Since 1889: Carhartt Knives by Case

WHAT MAKES A CARHARTT KNIFE?

No one can argue with the experience of making a product for 124 years. These knives are uniquely Carhartt...from the fit and finish of the blades, to the unique natural and synthetic handle materials. And, each knife is hand-crafted by Case craftsmen right here in the U.S.A.

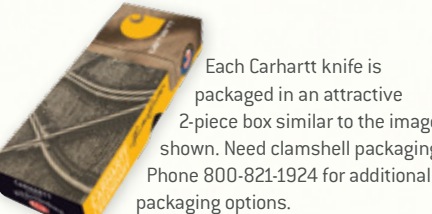

No two Carhartt knives are exactly alike...and we think that's a good thing. Unlike mass produced products, each knife is shaped, honed, sharpened, and polished under the skillful hand and eye of an artisan to achieve a product that is both collectable and rugged enough for everyday use.

GENUINE BONE MOLASSES

These rugged pocketknives are dyed a rich molasses color and feature handles jigged from genuine bone with a worn barnboard pattern to give a weathered patina to the handle. All this before being honed to a razor's edge and finished by hand. **Features:** Blades feature strong shoulder and satin finish. Brushed finish Lazy Duck bolsters. Molasses Bone handles. Brass finish Carhartt shield.

HAND-CRAFTED AUTHENTICITY

Artisans still hand-craft these knives the way they have for 124 years. We put a lot of time and effort into making sure the knives we produce today reflect on our history in a positive way – the finest steel blades, nickel silver bolsters, covers that are pinned, not glued like lesser grade knives, and a limited lifetime warranty. All this and the pride of being made exclusively in the U.S.A. stand behind each knife.

LIMITED LIFETIME WARRANTY

We warrant each and every Carhartt by Case knife to be free of defects in material and workmanship for the life of the owner, and we will repair or replace with a new Carhartt by Case knife, at our option, any Carhartt by Case knife that is defective. That's how strongly we feel about the quality of our cutlery. If you believe your Carhartt by Case knife has a manufacturing defect, mail your knife, along with a written explanation of the problem, to Repair Center, W. R. Case & Sons Cutlery Co., Owens Way, Bradford, PA 16701.

CONSUMER AWARENESS STATEMENT

The blades that go into every Carhartt by Case knife are honed to an extremely sharp edge. We ask that you be very cautious when opening, using or sharpening our products. Carhartt by Case knives are intended to be used as working tools; they are not weapons and should not be used as such. If an injury occurs during use (or misuse) of a Carhartt by Case knife, this is a risk that our customers assume, and neither Carhartt nor Case can, in any way, be held accountable. Our customers expect Case to deliver high-quality, razor-sharp knives; in turn, we ask each customer to use our products safely and wisely.

ABOUT CASE

W.R. Case & Sons Cutlery Company is an American manufacturer of premium, hand-crafted knives. Based in Bradford, Pennsylvania, Case's offerings cover a wide range of product categories, from traditional folding pocketknives and fixed blade sporting knives to limited production commemoratives and collectables. Today, Case is owned by Zippo Manufacturing Company, makers of the world famous Zippo® windproof lighter. Case's commitment to quality is evident in the 125 pairs of hands and 160 manufacturing processes that it takes to create just one knife. A unique tang stamp dating system used since the very early days of its history has made the Case brand one of the world's favorite collectable brands. The Case Collectors Club, with 19,000 active members, is the largest known knife collecting association in the world.
