ABOUT CASE CUTLERY

W.R. Case & Sons Cutlery Company is an American manufacturer of premium, hand-crafted knives. Based in Bradford, Pennsylvania, Case's offerings cover a wide range of product categories, from traditional folding pocketknives and fixed blade sporting knives to limited production commemoratives and collectables. Today, Case is owned by Zippo Manufacturing Company, makers of the world famous Zippo® windproof lighter. Case's commitment to quality is evident in the 125 pairs of hands and 160 manufacturing processes that it takes to create just one knife. A unique tang stamp dating system used since the very early days of its history has made the Case brand one of the world's favorite collectable brands. The Case Collectors Club®, with 18,000 active members, is one of the largest known knife collecting associations in the world. For more information about W.R.
