FROM OUR HANDS TO YOUR POCKETS

For some folks, a pocketknife is like a wallet or a set of keys. They don't leave home without one. Who knows when a rope will need cutting, a fish will need filleting or a pesky clamshell package will need opening?

For the past 129 years, we've been proud to know our knives have earned their place in the pockets of the farmers, fishermen, hunters, ropers and even bankers who carry them.

Maybe it's because they're crafted in Bradford, PA. Maybe it's because they're made with the finest materials. Or maybe it's because they hold up long enough for an old man to pass his trusty Stockman down to his granddaughter.

In this catalog, we're excited to introduce you to our 2018 line of knives. And to share a few stories from the people who carry them.

Mirror-Polished Tru-Sharp™ Surgical Steel

DOCTOR'S KNIFE

This doctor makes house calls – but only for a limited time. By popular demand, Case is reintroducing the Doctor's Knife. Available with one or two blades and a selection of Bone, Kirinite™, Buffalo Horn, and Case 6.5 BoneStag® handles, this classic will go quickly. The Doctor is in, but only through 2018.

THE CASE® WINKLER SKINNER

The Case Winkler Skinner is a new fixed blade knife crafted collectively by Case and Winkler Knives. The design is the result of a decades-long career in knife making by Master Bladesmith Daniel Winkler and the extensive experiences of retired U.S. Army Special Operator and Navy SEAL Kevin Holland.

The Case Winkler Skinner is the first in a planned series of collaborations aimed at celebrating American heroes, an idea brought to life by Case's historic military contributions and Winkler Knives' ongoing involvement with U.S. Special Operations. The knife is manufactured at Case in Bradford, PA using blade and handle materials provided by Winkler Knives in Boone, NC. Each is built by an elite team of Case knife makers whose work is held to strict quality and performance standards equaling the reputation of Winkler Knives' custom manufactured blades.

This high-performance field knife is lightweight, well balanced and built for dependability. The flat ground, distal tapered Trailing Point blade is made from tough 80CrV2 steel, known for its enduring lateral strength, superior edge retention and ease of sharpening. The full tang is skeletonized and tapered to reduce weight and improve balance. The knife is accompanied by a molded black leather sheath that's specially reinforced to help keep its shape, ensuring a continually snug fit when not in use. A reversible belt attachment accommodates carrying the knife on either side of the body.

Daniel Winkler, with more than 30 years of experience to his credit, brings multiple disciplines to this project - as a Master Bladesmith, respected metallurgist, blade geometrist and full-time knife maker who, through Winkler Knives, has served some of the most elite Special Operators across all branches of the U.S. military.

As co-designer of the Case Winkler Skinner, Kevin Holland brings decades of intense military expertise to this collaboration. A highly decorated veteran member of U.S. Special Operations, Holland's vast knowledge of knife design, construction and tactical use hails from the many different situations and extreme environments in which he had to depend on knives to survive. Holland's real-world experiences helped craft this into an optimal field knife as well as an essential accessory to Special Operators everywhere.

Case is honored to work with Winkler Knives, to develop a series of high quality, high performance knives to pay homage to the men and women who are depended upon to answer the call to serve - their families, their communities, their country...no questions asked.

KNIFE SERIES

43171 SKINNER

43173 SKINNER

CASE® V-42 AND BESH WEDGE

Born of wartime necessity and proven on the battlefields of World War II, the Case V-42 is the stuff of legend. First conceived in 1942, the knife's design is attributed to then Lieutenant Colonel Robert T. Frederick. In honor of the legacy of the First Special Service Force, Case is proud of the 'faithfully true' reproduction of the classic original, patterned after the company's own museum piece. The tang stamp on the re-created Case V-42 reads CASE on one side, V-42 USA on the other. Even the accompanying leather sheath is completed according to the original World War II-era requirements.

21943 V-42 COMMEMORATIVE WOODEN BOX
(KNIFE NOT INCLUDED)

21945 CASE® BESH WEDGE

The Case® BESH Wedge was designed by Brent Beshara, and inspired by Case's V-42 of World War II fame, this revolutionary knife blends modern technology with optimal performance and utility. A unique blade design, composed of two diagonally opposed bevels that converge to form a third cutting edge. The blade geometry provides a stronger point profile that overcomes the tip weakness found in more conventional blade designs. Well balanced for a comfortable, responsive feel - The Case® BESH Wedge is ready to serve.

Precision molded Blade-Tech™ sheath
with integrated Tec-Loc™ attachment.

Mirror-Polished Tru-Sharp™ Surgical Steel • Case Oval Script Shield

GENUINE STAG

There's nothing like the look and feel of a Case® Genuine Stag knife, which is why so many are passed down from generation to generation.

BLUE BONE

There's a reason we call some friends "true blue". That is because we know we can always count on them, no matter what. The same can be said about our Blue Bone knives. Time and again, their Tru-Sharp™ surgical steel blades get the job done, and their classic blue handles look even better the longer you carry them.

CUSTOM IMPRINTING

A person is known by the company he keeps. Case® pocketknives are some of the most collected in the world. Placing your name or company logo on a Case knife will transform a special gift into a cherished keepsake.

Case Knives are perfect for: Employee Appreciation • Retirement Gifts • Holidays • Safety Awards • Company Promotions • Special Dates & Occasions • Customer Appreciation

FACTORY IMPRINTING TECHNIQUES

Set-up charges may apply.

ELECTRO-ETCH

Item #297

Electronic transfer onto a metal surface. This is a surface imprint on blades or metal handles. The Electro-Etch is semi-permanent.

PERSONALIZATION & SERIALIZATION

Item #288

This is an engraving of letters and/or numbers onto the bolster or the main blade. Engraving is permanent.

TECH PRINT & ELECTRO-ETCH FONTS

Times - Times
Helv - Helvetica
LG - Lubalin Graphic
CS - Commercial Script
IM - Impact
CG - Century Gothic
CB - Clarendon Bold

COLOR FILL

Item #289

One color added to laser engraving. This process is only available on smooth bone, smooth synthetic, and wood handles. Color fill options include: gold, white, silver, black, red, yellow, blue, and green (these may vary by handle type).

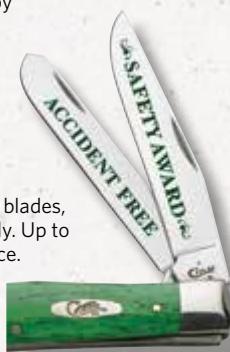

TECH PRINT

Item #267 One Color

Item #268 Two Color

Photo emulsion of paint onto blades, metal handles, and tin lids only. Up to two (2) colors per surface.

The Tech Print is semi-permanent.

LASER ENGRAVING

Item #294

Imprint available on smooth leather sheaths and smooth bone, synthetic, and wood handles. Sample shown is smooth laser engraved with color fill.

ENGRAVING ON METAL SURFACES

Item #298

Computerized engraving gives a rich jewelry-engraving look. Engraving is permanent.

TECH PRINT COLOR CHOICES

	WHITE		MEDIUM YELLOW		CARMINE RED		BRIGHT RED		BLACK
	LIGHT BLUE		ULTRA BLUE		LIGHT GREEN		FIR GREEN		VIOLET
	LIGHT BROWN		DARK BROWN		LIGHT GOLD				

Minimum order requirement is 25 pieces. For more information about custom imprinting, including artwork guidelines, production policies, cost estimates and more, contact the Case Sales Office at (800) 821-1924 or email specialmarkets.com

THE CASE TANG STAMP

It's been said that every Case knife tells a story. That story begins with the unique blade marking, or *tang stamp* applied to every Case knife, indicating its date of production. Case has used various tang stamps throughout its history, making it one of the world's most collected knife brands over time. We think you'll agree that now is the perfect time to add a new Case knife to your personal history.

2018 Case Tang Stamp

JOIN US TODAY!

Chartered in 1981, the Case Collectors Club® is the premier association for Case knife collectors and enthusiasts worldwide.

Paid members receive a quarterly magazine and a host of exclusive benefits including event reminders,

access to our online forum and limited production knife offerings.

Join the thousands of others who keep the legacy of American craftsmanship alive for future generations.

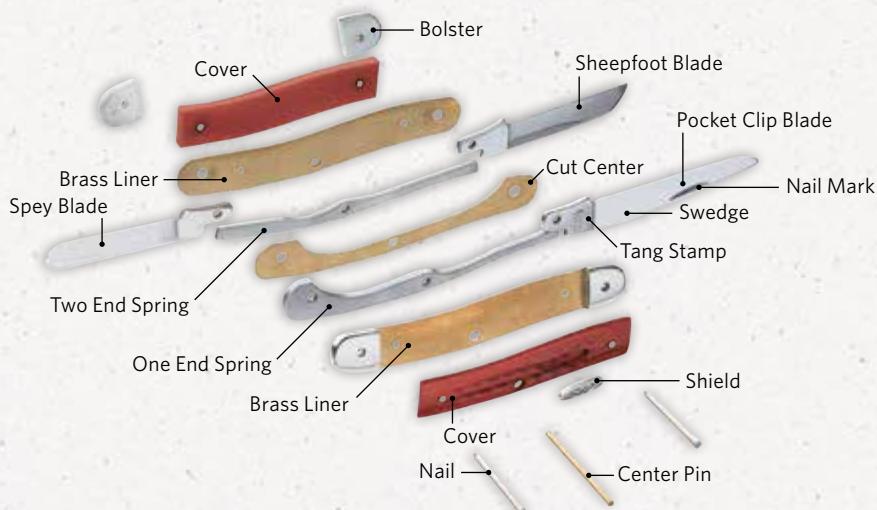

To learn more, please call us at 1-800-523-6350 or visit us at wrcase.com/join.

ANATOMY OF A CASE KNIFE

Hand-crafting a Case knife is an exercise in skill, focus, and, most importantly, patience. Roughly 160 steps go into the creation of each knife, from the handle to the blade to everything in between. To us, the process is just as important as using the finest components in the world, like rich, natural handle materials, premium-quality steel, select brass and superior nickel silver.

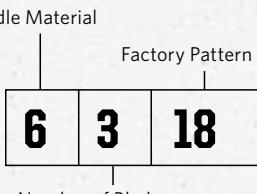

FINISHED CASE KNIFE
Medium Stockman ('18) Pattern

HOW TO IDENTIFY A CASE KNIFE

The number stamped on the tang of one blade of every Case knife identifies the pattern. The first number is the handle material, the second number is the number of blades, and the rest is the factory pattern number. In the example below, 6318 is a #18 factory pattern knife with a jiggled bone handle and three blades.

HANDLE MATERIAL KEY

Handle Material	Factory Pattern	Number of Blades
1 Solid Hardwoods		
2 Smooth Black Synthetic or Thermoplastic Rubber		
3 Smooth Yellow Synthetic		
4 Smooth Synthetic (Various Colors)		
5 Genuine Stag		
6 Smooth/Jiggled Bone (Various Colors), Jiggled Synthetic (Various Colors) or Jiggled Laminated Hardwood		
6.5 6.5 BoneStag®		
7 or P Wood or Laminated Hardwood

AUTHENTIC CASE COLLECTABLES

We put the *Long Tail C* serialization exclusively on collectable products manufactured and sold by Case.

This logo assures you the collectable item is authorized by Case.

DETERMINE THE YEAR OF A CASE KNIFE

In 1970, Case added ten dots beneath the *U.S.A.* on all knife tangs. Each year a dot was removed.

The same dating system was used during the 1980s. The differences are the "lightning" form of the letter *S* in *Case* and *USA* and the fact that the dots were put above the *USA*.

From 1990 to mid-1993, the actual date was stamped on the tang.

The dot system was used again from mid-1993 through 1999.

In 2000, Case introduced a new tang date stamp: five *X*s and five dots. From 2000 through 2005, one dot was removed each year. From 2006 through 2009, an *X* was removed each year.

The 2010 Tang Stamp design again features five *X*s and five dots. From 2010 through 2015, one dot was removed for each year. From 2016 through 2019, an *X* is removed each year.

THE CASE LIMITED LIFETIME WARRANTY

We warrant each and every Case Knife to be free of defects in material and workmanship for the life of the owner, and we will repair or replace with a new Case knife, at our option, any Case knife that is defective. That's how strongly we feel about the quality of our cutlery. If you believe your Case knife has a manufacturing defect, mail your knife, along with a written explanation of the problem, to: W.R. Case & Sons Cutlery Company, Repair Dept, 50 Owens Way, Bradford, PA 16701 USA.

Case does not warrant against normal wear or misuse of its products or their finish. Case knives are not intended to be used as hammers, chisels, pry bars or screw drivers. If your knife was damaged due to misuse, our Repair Department can analyze the damage and repair it for a reasonable fee. This Warranty gives you specific legal rights and you may have other rights which vary by area.

CONSUMER AWARENESS STATEMENT

The blades that go into every Case knife are honed to an extremely sharp edge. We ask that you be very cautious when opening, using or sharpening our products. Case knives are intended to be used as working tools; they are not weapons and should not be used as such. If an injury occurs during use (or misuse) of a Case knife, this is a risk that our customers assume, and Case can in no way be held accountable. Our customers expect Case to deliver high-quality, razor-sharp knives; in turn, we ask each customer to use our products safely and wisely.

Due to the hand-crafted nature of our products and our extensive use of natural materials, some items may not look exactly as depicted.

REGULATIONS

Purchaser is responsible for understanding and following any applicable laws, regulations or ordinances relating to the transport, import, purchase, sale, use, or possession of these products. W.R. Case & Sons Cutlery Company reserves the right (but does not have the obligation) to remove from any orders any products that may be restricted for import, or to increase shipping costs to certain locations.
