Serious about being in the knife business? The 500 Series of displays will get you there! They're designed to create a strong visual impact with your customers and offer a choice of 40+ quality cutting tools with a wide variety of function and price point. A computer enhanced printed image of each knife is also part of the background, so even when the last knife is sold, this display will not have any holes! The wire wings allow retailers to hang promotional clamps, or even cross merchandise related products - sharpening devices and hunting/fishing accessories. The new granite look provides additional excitement and even helps protect displays from the everyday wear and tear that every retail outlet faces.
